KELLOGG'S 1924 PRICE LIST

**DELIVERY
INCLUDED**

The prices given below include delivery. It will not be necessary for you to waste any time finding out about express or parcel post charges, as we take care of this in our own office and pay all charges. In general, we find that one method of shipping is as good as the other, and therefore, since we are paying the transportation, we reserve the right to ship by the cheapest method, but if you should, for any reason, prefer to name the method of shipment, you may do so upon condition that you agree to pay the difference in cost (if there is any) upon receipt of bill from us.

INSTRUCTIONS FOR USING PRICE LIST

Beneath the variety names in each column below, are complete scales of prices of 25 to 1,000 plants. The price which appears opposite any given quantity of plants applies separately to each variety in that column, and not to a combination of varieties. For example, 200 plants of any one variety in column three, are priced at \$2.15, but should you order 100 plants each of more than one variety in that column, the price of each 100 plants will be \$1.45. Regardless of how many varieties you may order, figure the price of each separately, the same as though you were ordering that one variety only. 500 plants, or more, of any one variety are sold at the thousand rate. A 5% discount is allowed on orders amounting to \$20.00 or more; 10% on orders amounting to \$35.00 or more; 15% on orders amounting to \$50.00 or more, and 20% on orders amounting to \$100.00 or more.

HEARTS OF GOLD CANTALOUPE SEED

A thin, well netted skin; very thick, salmon colored meat; very small seed cavity; wonderful flavor; early ripening, and heavy production are the characteristics of this cantaloupe. *Hearts of Gold* are an excellent crop to grow in connection with strawberries the first year, as they are marketed the same year as planted and thus will finance your first year's work. That portion of your land which you set to *Hearts of Gold* this year will be in excellent condition for your second planting of strawberries next year, so that the two make an ideal combination.

IMPORTANT NOTICE TO CANADIAN CUSTOMERS

The prices given above are for delivery in the United States only. Since we prepay duty and clearance on Canadian shipments, we publish a separate Canadian price list, and should this United States price list be sent to a Canadian customer, it is sent in error and such Canadian customers should either ask for a Canadian price list before ordering, or send their orders with strict understanding that they are to remit an additional price for duty and clearance charges upon receipt of bill from us.

INSTRUCTIONS for ORDERING and GENERAL INFORMATION

*To Avoid Misunderstandings and Unnecessary Correspondence
Please Read This Page Carefully Before Making Out Your Order*

WHEN TO ORDER

Your order should be mailed to us at the soonest possible moment. The sooner it is mailed, the more certain you are of getting the varieties you order. We nearly always sell out of some varieties and if you wait until late in the season to order you may be disappointed.

HOW TO ORDER

VERY IMPORTANT

Be sure your order is correctly made out by following the instructions given on the back of the order sheet.

IF YOU HAVE NO ORDER BLANK

If you have no order blank, you may send your order to us in the form of a letter and we will copy it on an order blank when it arrives. Please use the order blank if you have one, however, as this saves us a great amount of office work. If you order by letter, please write plainly and use as few words as possible.

ORDER IN MULTIPLES OF 25 PLANTS

Kellogg Pedigree Plants are counted and tied into bunches of 25 each, each bunch containing a label giving the name and sex of the variety. We do not furnish less than 25 plants of any variety and plants of each variety must be ordered in exact multiples of 25. That is, 25, 50, 75, 100, and so on.

TIME FOR SHIPPING

Leave the time for shipping to us. We receive reports on the weather daily from all parts of the United States and Canada, and can ship at the proper time for your locality, if your order is in our hands early enough. In case you specify shipping date, we cannot guarantee to ship exactly on the date specified as we are often hindered by bad weather.

Ordinarily we can begin shipping the latter part of May.

SUBSTITUTION

Please say whether or not we may substitute should we be sold out of any variety you order. Should you not specify your desire in this regard, we shall assume that we are to substitute *if necessary*. In no event, however, will we give you plants of less value than those you ordered.

OUR TERMS

If your order amounts to less than \$5.00, send full payment with the order; but if your order amounts to more than \$5.00, a remittance of one-third will reserve the plants, the balance to be in our hands at least 10 days *before* you expect the plants shipped.

Full payment should accompany all orders sent during the shipping season if you expect prompt shipment, as we do not ship until full remittance has been received, with the single exception of Public Institutions. Please do not ask us to ship C. O. D.

HOW TO SEND MONEY

Please remit by postal or express money order, bank draft or check. Bills may be sent if your letter is registered, but coins should never be sent unless they are very well wrapped.

SEND ALL ORDERS TO THREE RIVERS

We have no office at our Poseyville farm.

OUR ACKNOWLEDGMENT

We acknowledge all orders promptly. If you do not receive acknowledgment within a reasonable time, write us giving full description of your order and remittance.

CORRESPONDENCE REGARDING ORDER

ALWAYS SIGN YOUR NAME THE SAME

In writing us about your order, please sign your name the same as it was given on the order sheet, as this prevents confusion. Mention your order number if possible.

CHANGE OF ADDRESS

Advise us promptly should you change your address, giving both your old and new addresses.

ADDITIONAL ORDERS

Additional plants may be ordered at any time before the close of our shipping season.

CANCELLATIONS AND CHANGES IN ORDERS

It is often difficult for us to cancel, or make a change in an order after it has gone to our packing house, therefore, *orders are not subject to cancellation or change during the shipping season.*

CLAIMS

Any claim for mistake or adjustment, must be made promptly. No claim will be considered that reaches us 90 days or more after the date of shipping.

In reporting discrepancies, please state number of plants of each variety received, also number of crates or packages received and date received.

OUR GUARANTEE

We guarantee Kellogg Thorobred Plants to be true to name and free from insects and fungus diseases, and we guarantee to deliver them in first-class condition to the transportation company; however, we are not responsible for damage, loss or spoilage of plants caused by delay or mishandling of the plants while they are in the hands of the transportation company. Our responsibility for condition of plants ceases when they leave our hands.

Since so much depends upon the soil and care you give your plants and upon other conditions beyond our control, we do not in any way guarantee the crop.

We will not be responsible for inability to fill any order on account of shortage of plants, conditions resulting from an act of nature, labor situation, or any cause beyond our control.

In no event will we be responsible for more than the amount paid us for the plants.

It is mutually understood and agreed between customers and ourselves that all orders are placed and accepted in accordance with the terms and conditions herein provided.
